

PERSONAL STATEMENT

Recent graduate with a B.S. in Chemistry and hands-on experience in laboratory analysis, data analysis, and problem-solving. Skilled in the use of various analytical instrumentation, including HPLC, and UV-Vis spectrophotometry. Strong analytical skills, organized and dedicated to producing accurate laboratory results. Proficient in wet chemical techniques and statistical data analysis. Experienced in laboratory safety protocols. Seeking to apply my analytical chemistry knowledge and experience to an entry-level research or laboratory position.

EDUCATION

University of East London

BSc (Hons) CHEMISTRY: First-Class Honours

/ 2019- 2022

- **Courses included:** Medicinal chemistry, Natural product, Application of Analytical Techniques in Pharmaceutical Quality Control, Organic chemistry, Inorganic Chemistry, Bioinorganic Chemistry, Physical chemistry, Theoretical and Computational Chemistry, Professional practices, Research projects, and Career Enhancement Portfolio.
- **Dissertation:** To demonstrate different ways to modify the current ATX-LPA inhibitor (an enzyme inhibitor) to achieve greater potency.

University of Hull

Foundation Year: 2:1

| 2015 to 2016

During my first year of engineering studies at the University of Hull, I acquired a comprehensive understanding of the fundamental concepts and principles of engineering, including mathematics, physics, and chemistry.

WORK EXPERIENCE

Head of Education Department

Rising star | 2017- Oct 2022

Achievement:

- As a versatile employee of a small business, I have contributed to various aspects of the company's operations, resulting in successful growth and expansion. Responsibilities: I have held various roles within the business, including customer service, sales, marketing, and management. In each role, I have taken on different responsibilities, such as creating and implementing strategies for increasing revenue, managing and training staff, and building relationships with clients.

Skills gained:

- Through working in different roles within a small business, I have gained a wide range of skills, including leadership, communication, problem-solving, time management, and adaptability. I have also gained a deeper understanding of the various aspects of running a business, such as financial management, operations, and marketing. Additionally, my experience in customer service and sales has honed my ability to understand and meet the needs of clients and customers.

Key Achievement/Project:

- Achievement of company business plans especially name recognition and successes stories
- Contributed heavily to the company's growth
- Effective recruitment and admission

SKILLS

| | | |
|--|--------------------------------------|---|
| ✓ Analytical Chemistry: GCMS, Titration, Extraction, Separation, Purification, Chromatography(TLC, Column, HPLC) | ✓ Management skills (GMP) completed) | |
| ✓ Analytical thinking skills | ✓ Creativity | ✓ Environmental Chemistry |
| ✓ Research, and presentation. | ✓ Meta-analysis | ✓ Environment, Health, and Safety (EHS) |
| ✓ Strategic thinking | ✓ Systematic Reviews | ✓ Gaussian 03 |
| | ✓ Laboratory Skills | ✓ HTML |
| | ✓ Good Laboratory Practice (GLP) | ✓ CSS(Cascading Style Sheets) |
| | ✓ Good Manufacturing Practice | ✓ Python (Fundamentals) |
